

# Curriculum Vitae

Name: Neil B. Hickey  
Date of birth: 28.09.1966  
Position: Company Director  
Qualifications: MRICS

## 1983-1994 London in the early years.....

**N**eil started his career in a Glasgow QS office in 1983. He then moved to London in 1988 with Faithful & Gould, a move sparked by a desire to work on more exciting and challenging projects.

Neil began to work privately with a variety of architects from large award winning London practises who had similar **aspirations outwith their practice to work on bespoke competition** works on projects of up £14million in France and other competitions in London. There were some fantastic submissions and many commendations received.

## 1994 Back to Glasgow

The **e**njoyment of working late nights on Architecture that was exciting and challenging, this left Neil with a desire to try and form or work in a practice that dedicated to this type of work during the day.

In 1994 Neil returned to Glasgow, working part time in his fathers Architectural practice, during this time Glasgow was bustling with new young Architects.

## 1997 BCC

In 1997 Neil separated to form **BCC** Ltd a QS practice with a mission to ensure that good architecture gets a fair chance. Buildings can shape landscapes and communities affecting daily lives through their Architectural design, **BCC will strive to help make these design choices affordable for today and yet priceless for tomorrow.**

## Glasgow Caledonian University

Visiting Lecturer to **I**nterior **d**esign Students

Over the last 3 years the Interior design department have invited Neil to deliver their cost studies module. The ethos is to ensure that students gain an image or feel for how good cost advice and awareness can help them deliver their project not stop it.

Visiting Lecturer to **Q**uantity **S**urveying Students

Over the last 7 years the Surveying department have invited Neil to initially deliver technical lectures; however, over the last few years the role is to oversee student's submissions on an integrated competition work with Glasgow School of Architecture students.

## Strathclyde University Architectural School

Visiting Lecturer to **A**rchitectural Students

Over the last 3 years the Architectural department has invited Neil to give a talk on the design team and the QS role within that team. The aim is to express how Quantity Surveyors in their own role can be just as **passionate about Architecture** as Architects and how they can form a link in the way to delivering a successful project.

## Glasgow University Architectural School

Over the last few years I have been invited to deliver tutorials to students on their submissions on an **integrated competition** work with Glasgow Engineering Students and Caledonian University Quantity Surveying Students.
